Ragging

The inhuman acts committed in the name of ragging on fellow students have been a matter of shame for any civilized society. Incidents of ragging have sometimes, led to death, suicide and mental disorders of victims. Many promising careers have been ruined causing loss to society and the nation. Ragging is a negation of the ancient value of learning in our country, viz learning in a peaceful atmosphere under a Guru. Moral exhortations of educational experts and ethical instructions of teachers have had no impact on the unruly generations of students. It has often been felt by authorities, media persons and general public that in several cases of ragging there was always a lack of parental supervision and neglect on the part of the college authorities. In short ragging grew into a menacing criminal activity, which would require to be strictly curbed by law, awarding stringent punishments to the culprits. But effective implementation of law requires building up ample awareness among the public about the serious nature of the crime. The criminal ramifications associated with ragging must also be focused to the attention of the students specially since ragging is sometimes committed on an impulse. The stringent provisions in the law and its scope must also be made widely known among the public.

What is Ragging

Broadly speaking, ragging is any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness, a fellow student, indulging in rowdy or undisciplined activities which cause or likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the student to do any act or perform something which such student will not do in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student. Generally offence of ragging is committed through verbal or physical assault.

Ragging

Consequences of Ragging

The evil effect of ragging has led to deaths - suicide or otherwise, in many a campus. Even when such extreme consequences do not result, the scar, which it creates in young minds is itself there, for the whole life, affecting mental health. In recent times, harrowing pictures are painted as to the torture and humiliations, both physical and mental, which fresh entrants to institutions have to face under the banner of ragging. Instances are not few where because of such obnoxious treatment, students have fled from institutions and are afraid of coming back. In some cases victims have abandoned studies. What was intended to be an 'ice breaker' in good faith and provide untainted fun has now turned out to be acts of physical torture with a sadistic tendency. Drug abuse, violence and indiscipline are also the fallout of this practice. One thing is clear that ragging has crossed all bounds of decency and has entered the arena of physical and mental torture. Therefore, there is imminent need to curb the practice of ragging. Ragging, apart from being an offence is a serious law and order problem, social menace and is a human right violation. It cannot be treated as a mere issue of discipline to be dealt with by the Principals of the colleges alone. It needs to be dealt with iron hands by legislators, Courts and police.

KERALA PROHIBITION OF RAGGING ACT 1998 AND ALLIED LAWS

The State in order to avert the menace of ragging had enacted Kerala Prohibition of Ragging Act 1998 (the Act), which casts a duty on the Head of Institution to prohibit ragging.

'Ragging' has been defined in section (2b) of the Act as "doing any act, by disorderly conduct, to a student of an educational institution, which causes or is likely to cause physical or psychological harm or raising apprehension or fear or shame or embarrassment to that student and includes (1) teasing, abusing or playing practical jokes on, or causing hurt to, such students, or (ii) asking a student to do any act or

Ragging

perform something which such students will not, in the ordinary course, willingly do". Ragging within or outside any educational institution is prohibited under the Act (section 3).

Punishment

As per section 4, whoever commits, participates in, abets or propagates ragging shall be punished with imprisonment for a term which may extend to two years and shall also be liable to fine which may extend to ten thousand rupees. Section 5 provides for dismissal of a student for a period of three years upon conviction and during this period he cannot be admitted to any other institution.

Apart from provisions of the Act, the students who commit the offence of ragging shall also be liable to be punished for other offences under Indian Penal Code that they commit at the time of offence. As per relevant UGC Regulations formulated in 2009, a student who is found guilty of committing ragging can be expelled from the institution and will be debarred from taking admission in another institution. A fine up to Rs. 2,50,000/- could also be imposed.

Role of the Head of Institution

Head of the Institution shall not be mute spectator of ragging incidents. As soon as a complaint is received, he has to take action on the basis of the report. Section 6 provides that any student, parent or guardian or teacher of an educational institution could complain the instance of ragging to the Head of Institution. Obligation is also cast on the Head of the Institution to conduct enquiry on receipt of complaint of ragging within seven days of receipt of complaint and if, prima facie, it is found true, suspend the student who is accused of the offence and shall immediately forward the complaint to the police station having jurisdiction over the area. Section 7 of the Act says that if the head of the Institution fails or neglects to take action in the manner

specified in section 6 of the Act when complaint of ragging is made, such person shall be deemed to have abetted the offence of ragging and shall on conviction, be punished as provided for in section 4 of the Act. Therefore, the head of the Institution has to be more vigilant lest he may have to undergo punishment under section 6 of the Act.

According to the direction of the Supreme Court in SLP (C) No. 24296-24299 of 2004, every single incident of ragging where the victim or his parent/guardian or the Head of institution is not satisfied with the institutional arrangement for action, a First Information Report must be filed without exception by the institutional authorities with the local police authorities. Any failure on the part of the Institutional authority or negligence or deliberate delay in lodging the FIR with the local police shall be construed to be an act of culpable negligence on the part of the institutional authority. If any victim of ragging or his parent /guardian intends to file FIR directly with the police, that will not absolve the institutional authority from the requirement of filing the FIR.

Help line for victims/parents/teachers

On June 21, 2009 in compliance with the directions of the Hon'ble Supreme Court, Ministry for Human Resource Development, Government of India and UGC have established a 24 hour helpline. Its toll free number is 1800-180-5522 and e-mail (helpline@antiragging.net)
