Awareness against Ragging

As per the KUHS guidelines, the institution had the first meeting this academic year on Ragging Awareness. The meeting was held on 26.09.2017 under the name "ANTI RAGGING AWARENESS PROGRAMME" and was at 3.p.m. in Lecture hall no III.

All the students except those who appeared for the first MBBS university exam and were away, attended the program along with the freshers or first years.

The members of the legal cell of the Govt. of Kerala against ragging Adv. Eswar Prasad and Adv. Pravitha spoke to the students about the evils of ragging and the stringent punishments for students who indulge in this barbaric conduct called ragging. They were told in no uncertain terms that indulging in ragging is a non bailable offence and the onus of proving innocence is on the accused. This was well received by the students and the audience. A second meet was planned when the students who appeared for the first MBBS exam return.

R.V.Prasad

Vice Principal

Report of the Orientation of the 3rd semester students and the second talk about the nemesis of ragging

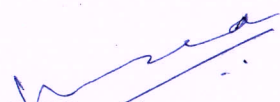

The first MBBS university examinations results of the 2016 (admission) was released and we did fairly well. We had 21 distinctions and 37 first classes and an overall pass percentage of 80%.

The Orientation of the successful candidates who will be entering the clinical side for the first time (that is entering the hospital and coming into contact with the patients) was conducted on 08.11.2017. It was a very well organized programme and all clinical HODs spoke to the students about the dress code, decent attire, pleasant behavior and the importance of showing sympathy and empathy to the patients and the public. The students were reminded that patients are human beings and are to be treated like humans. Regular attendance, examining and learning with patients will go a long way in making them good and successful healing physicians.

On 10.11.2017, in the afternoon we had the legal cell of the Anti ragging cell of the Govt. of Kerala to come and speak to the 3rd semesters (the students who just successfully completed their first MBBS) who are ones who usually indulge in the primitive practice called Ragging, that is students who are just one year senior to the newly admitted students.

The speakers spoke about the evils of Ragging and also the penalty which awaits the students indulging in ragging. Adv. Eswar Prasad & Adv. Pravitha spoke about the subject and the students received the advice well.

The meeting concluded at 4.p.m

Dr. R.V. Prasad
Vice Principal
